

Tavistock Celebrates Multiculturalism

Precious Things Project

Are you new to the area and work in the NHS or Care?
Can you help us with this multicultural project?

Migration enriches our culture. This project aims to illustrate this through photographs and stories of things that are precious to individuals who have recently moved to this area.

This could be an ornament, clothing, food etc. - something that is important to you and reflects your culture.

Photographs and stories will be displayed during Refugee Week (16th-22nd June) in Tavistock Library.
